

"BioBlitz" Survey

Become an investigator of all living things!

With an adult, find and record as many different types of living things in a natural area as you can. Invite friends and family to join the fun!

WHAT TO DO: Use tally marks to record each different type of living thing you can find. You may also want to write the names of the plants and animals you find that you know.

| | | | |
|--|---|---|--|
|  <p>MAMMALS</p> |  <p>AMPHIBIANS</p> |  <p>ARTHROPODS</p> | |
|  <p>REPTILES</p> |  <p>BIRDS</p> |  <p>PLANTS</p> |  <p>FUNGI</p> |

Remember to always:

- Follow Leave No Trace Principles! - "Observe it, don't disturb it!", "Take only photos, leave only footprints."
- Respect all wildlife and park rules.
- Use scientific methods, including using this data collection page to record your findings.
- Be Safe and Have fun!
